Scheduling Segment

As we approach the half year mark for 2021, COVID-19 is on the decline. CENN however is keeping a close eye on the new COVID variant Delta. CENN will continue to require employees to wear masks and encourage each employee to get vaccinated against COVID-19. If the infection rates begin to increase again, CENN will begin to institute N95 mask requirements once again. Thank you for your continued support as we navigate this pandemic together.
