
CNA Automated Response Letter:

[Name],

Thank you so much for contacting Companion Extraordinaire about our CNA classes. Our 2024 CNA class schedule will soon be announced. Call 804-752-2205 after January 1, 2024 for the upcoming schedule. See below for class details.

CNA Class Overview

The Certified Nursing Assistant class will prepare you to provide varying levels of care and support to physically and/or mentally disabled individuals who are unable to care for themselves. Your certification and training will enable you to care for patients of all ages in hospitals, inpatient mental health facilities, and clinics. Included is a 2-year CPR certification through the American Red Cross taught by one of our instructors. By successfully completing the CNA course you will receive a NA certification qualifying you to sit for your state license and opening the door for you to pursue a fulfilling career helping those in need.

CNA Class Duration & Details

CNA is a hybrid class of 140 total hours. Approximately half of these hours you will be responsible to attend in-person classes onsite at the Companion Extraordinaire Training Center at the Lakeside location. The remaining hours are on-line training and testing you may complete at hours that are convenient for you from your home computer or mobile device.

In the two-hour CPR section of this course you will learn how to perform cardiopulmonary resuscitation and how to use an automated external defibrillator (AED). This section teaches participants how to keep a person's airway open and keep their blood circulating during an emergency medical event. The in-person CPR class makes it easy to become comfortable with the information and techniques. Cardiopulmonary resuscitation training takes just two hours to complete onsite at our training center and is delivered by certified experts in a relaxed setting that allows plenty of time for questions.

CNA Class Fees

\$999.00 for CNA plus \$100 for CPR and supplies.
\$1099.00 total cost

Enroll Now

Download and complete the Student Application online at the link below. Make sure to sign both the Student Application and the Sworn Statement:
